## *ISRAEL LOBBY CONTROLS WHITE HOUSE, CONGRESS*

For Immediate Release:

(WASHINGTON, D.C.)—The Israel lobby has been the major influence in the drive toward war in Iraq and Afghanistan, claims a former congressional staffer in a new book certain to impact the 2008 presidential election.

**In Guilt by Association: How Deception and Self-Deceit Took America to War**, a former counsel to the U.S. Senate chronicles a long tradition of corruption and treason at the hands of foreign agents committed to advancing the Zionist cause through well timed crises.

“America’s credibility on the world stage has deteriorated due to a small group of elites and extremists who pledge allegiance to Israel,” says author Jeff Gates. “And our entangled alliance with Israel—with its known history of stealth, deceit and espionage—led this nation to war.”

In his provocative new book, Mr. Gates documents how Israeli agents and their “assets” in the U.S. manipulated policy-makers to wage war in Iraq and now seek to expand that war to Iran. He also chronicles a long history of pro-Israeli operatives behind an ongoing transnational criminal syndicate with roots in Russia and other countries.

The depth of corruption and treason that the author chronicles inside the U.S. government is the result of decades of neglect and complicity by national security and federal law enforcement. The author explains, “This book reveals how treason advances in plain sight by those skilled at displacing facts with beliefs to wield political clout from the shadows.”

Endorsed by Ambassador Edward L. Peck, Congressman Paul Findley and M.I.T. professor Noam Chomsky, **Guilt** exposes how this transnational criminal syndicate operates through politics, media, academia, think tanks and popular culture.

Mr. Gates documents how even the selection of the 2008 presidential candidates was influenced by the Zionist state, fueled by the continued corruption of campaign finance.

An acclaimed author, lawyer, investment banker, educator and consultant to government, corporate and union leaders worldwide, Jeff Gates is also former counsel to the U.S. Senate Committee on Finance. His previous works include *Democracy at Risk: Rescuing Main Street From Wall Street* and *The Ownership Solution: Toward a Shared Capitalism for the 21st Century*. Endorsers for these books include CEOs, heads of state, legislators, commentators, educators and Nobel laureates.

**Guilt by Association: How Deception and Self-Deceit Took America to War** is poised to become the first in a best-selling series and is available now (ISBN: 978-0-9821315-0-3; \$27.95; 320 pages; 5½” x 8½”; perfect bound soft cover; State Street Publications).
