## 2008 Elections Orchestrated by Israel

For Immediate Release:

(WASHINGTON, D.C.) As John McCain and Barack Obama finish up their presidential campaigns, a former Washington insider is making public an explosive account showing how foreign agents dominate both campaigns.

In **Guilt by Association**, author Jeff Gates, former counsel to the U.S. Senate Committee on Finance, chronicles the hidden influence that Israel exerts over the 2008 presidential elections.

According to Gates, U.S. politicians backed by Tel Aviv—McCain and Obama among them—are the unwitting “assets” of elites and extremists whose first loyalty is not to the U.S. but to the Zionist state.

Gates urges that voters ask hard questions of both candidates:

- Why did both John McCain and his father help cover up the Israeli murder of 34 Americans on the USS Liberty during the 1967 war?
- Why are Barack Obama’s top-three financial backers major supporters of Israel’s expansionist agenda in the Middle East?
- Why did John McCain depart for Israel with Senator Joe Lieberman as soon as he won the Republican nomination?
- Why, with U.S. security at risk in the Middle East, did Barack Obama describe the security of Israel as “sacrosanct”?
- Why did John McCain assure Tel Aviv that Senator Joe Lieberman would be Secretary of State in a McCain administration?

**Guilt By Association** answers these questions and more in a blockbuster account that shows how agents for an extremist pro-Israeli agenda exert political influence wildly disproportionate to their numbers.

“Breathless just reading it,” says M.I.T. Professor Noam Chomsky.
