Terrorism Traced to Tel Aviv

For Immediate Release:

(WASHINGTON, D.C.) In an explosive new book, a former counsel to the U.S. Senate documents how Israel induced the U.S. to wage Tel Aviv's wars for Greater Israel. The author presents a 60-year chronicle detailing betrayal, duplicity and deceit by a nation that has long feigned friendship with America in order to manipulate the U.S. military to wage its wars.

In this compelling account, attorney Jeff Gates presents the case for revisiting Zionism as a legitimate basis for sovereignty. A chilling chronicle that will be welcomed by anti-Zionist Jews, Gates describes the perils that fundamentalist Judaism poses for Jewish moderates appalled at what Israel has become.

The author reviews enough Israeli history to confirm that serial wars were anticipated by Israel's founders in 1948 as the only feasible means for Colonial Zionists to gain control over Greater Israel, an area that encompasses much of the Middle East, including oil-rich Iraq, Kuwait and Saudi Arabia.

For those profiled in this disturbing account, terrorism is just another tool to manipulate decision-making. Murder, mayhem and well-timed crises are part of a political strategy designed to wield influence from the shadows. Confirming the presence of Zionist networks inside successive U.S. presidencies, **Guilt** chronicles a legacy of transnational political corruption that is global in scope and trans-generational in its operations.

A widely acclaimed author, attorney, investment banker, educator and consultant to government, corporate and union leaders worldwide, Jeff Gates' previous books include *Democracy at Risk: Rescuing Main Street From Wall Street* and *The Ownership Solution: Toward a Shared Capitalism for the 21st Century*.
