Charges of Anti-Semitism Obscure Treason

For Immediate Release:

(WASHINGTON, D.C.) In a blockbuster new book, a former counsel to the U.S. Senate documents how charges of anti-Semitism are deployed to obscure treason by those who deceived the U.S. to wage war in Iraq.

In a richly textured account detailing multi-decade deception, **Guilt By Association** shows how agents for Israel fixed the intelligence that duped America to go to war in pursuit of Tel Aviv's expansionist agenda. Charging treason, this attorney-author presents the case for convening grand juries to bring indictments against Israeli operatives inside successive administrations.

Former counsel to the U.S. Senate, author Jeff Gates offers a vigorous critique of the U.S.-Israeli relationship. The "New Anti-Semitism," he charges, attacks anyone critical of Israel's policies. Those smeared as anti-Semites include anti-Zionist Jews and even former president Jimmy Carter who aptly described Israel as an Apartheid state.

Yet **Guilt** cites official Israeli policies that are far more troublesome than institutionalized racism, Zionist chauvinism and fundamentalist Judaism. The author chronicles decades of systemic Israeli deceit deployed against the U.S. as a means to manipulate its military to wage wars to support the expansionist agenda of pro-Israeli elites and extremists.

Gates delivers on his promise to "make treason transparent" with a well documented chronicle that links Zionism to organized crime and to a hidden history of officially approved violence as a means to manipulate U.S. policy-makers. Anticipating he will be attacked as an anti-Semite for revealing facts confirming official Israeli duplicity, the author responds, "I welcome that charge as a means to identify those complicit in the

criminality described. The facts remain facts regardless of attempts to make me appear guilty by associating the facts with that toxic charge.”
