## Israel: An Enemy Within?

For Immediate Release:

(WASHINGTON, D.C.) **Guilt By Association**, a new release by a former counsel to the U.S. Senate, delivers on its promise to “make treason transparent.” In a compelling indictment of U.S.-Israeli relations, the author chronicles the cost of this relationship in blood and treasure, including the current war in Iraq and attempts to expand the war to Iran.

In a hard-hitting analysis backed with meticulous research, **Guilt By Association** documents a six-decade evidentiary trail suggesting that even the founding of the Zionist state was meant to induce Americans to wage war in support of an expansionist policy for Greater Israel.

In a survey of dozens of Israel’s *agent provocateur* operations, the author sheds new light on the “fixed” intelligence that took America to war in response to the provocation of 9/11. As the first book in the Criminal State series, **Guilt** offers a tantalizing glimpse into an multi-decade evidentiary trail certain to turn the spotlight on Israeli motivations.

Gates traces an unbroken political lineage from organized crime of the 1920s to the founding of the Zionist state in the 1940s, and from serial financial frauds of the past two decades to the financial crisis ongoing during the 2008 presidential campaigns. “Breathless just reading it,” says M.I.T. Professor Noam Chomsky. “Explosively revelatory” agrees a former deputy director of the Cabinet Task Force on Terrorism.

A widely acclaimed author, attorney, investment banker, educator and consultant to government, corporate and union leaders worldwide, Jeff Gates’ previous books include *Democracy at Risk: Rescuing Main Street From Wall Street* and *The Ownership Solution: Toward a Shared Capitalism for the 21st Century*. Endorsers for these books include CEOs, heads of

state, legislators, educators, commentators and Nobel laureates.
